Langer strengthens educational ties

CHRONICLE NEWS SERVICE

KOLKATA: NiviCap, pitched as the country's first integrated digital solutions platform for students bound for Australia, has launched with former Australian cricket captain Justin Langer as its brand ambassador. The platform aims to streamline the financing and support ecosystem for Indian students, a cohort that continues to choose Australia as a top study destination thanks to its globally ranked universities, multi-cultural environment and post-study work pathways.

Austrade, which is Australia's trade and investment promotion agency, backed the launch, underscoring growing education-sector ties between the two countries.

Created by the founder of Ziksu Australia, a leading fintech, NiviCap offers a suite of non-banking services that spans loan discovery, application assistance, forex support and post-arrival guidance. The platform is designed to support students and parents through every stage of the overseas education journey, bundling transparency, tech-enabled processes and personalised assistance in a single, secure interface.

India has become the second-largest source of international students in Australia with about 137,703 Indian students enrolled or commencing studies in 2025. Yet financing and documentation remain fragmented and complex. NiviCap wants to close that gap by creating a unified, trustworthy platform, one that the company says will especially benefit families in Tier-II and Tier-III cities, helping them navigate the process with greater clarity and confidence.

Mr. Karthik Srinivasan, Founder, NiviCap, shared, "As an Indian-born Australian, I've lived the same journey that thousands of students take every year, filled with excitement, but also anxiety. I know firsthand how overwhelming it can be to handle documentation, manage finances across countries, and deal with the emotional toll of being far from home. I've seen how these challenges can make dreams feel distant.

Expressing his enthusiasm, Mr. Justin Langer, Brand Ambassador and former Australian cricket coach, said, "As both a father and a coach, I understand the emotions that come with watching young people chase big dreams away from home. India and Australia share a bond that goes beyond sport, it's built on trust, respect, and shared ambition. NiviCap captures that beautifully. To me, NiviCap is like a great coach, steady, reliable, and always there when the pressure is on. It gives students the confidence to perform and parents the reassurance that their children are in safe hands. That's why I'm proud to stand with a brand that champions both ambition and care."
