UP WORDS's post

Investment Commission (Austrade), said, "Australia deeply values its education partnership with India. Indian students enrich our campuses and communities, and they are central to the cultural and economic ties between our two nations. NiviCap's launch by an Australian firm Ziksu is a great initiative to support Indian students aspiring to Study in Australia."

NiviCap will go live with its first phase with the launch of education Loans, providing students with an integrated platform to explore, apply for, and manage loans digitally. Subsequent staggered launches in the coming months will introduce features for forex, and post-arrival support, completing the full ecosystem of support.

Warm, trustworthy, and all-in-one, NiviCap is positioned as an extension of the family, providing Indian parents and students with both financial support and emotional assurance. It symbolizes the next step in how technology and empathy can come together to empower India's students to pursue their Australian education dreams with confidence, clarity, and care.
