Announcing Justin Langer as the Brand Ambassador of NiviCap

India's First-of-its-Kind Digital Solutions Platform for Students Aspiring to Study in Australia

New Delhi (Agencies): Guided by its vision — "Fast, Easy, Family Approved. Your academic dreams in Australia without financial roadblocks", NiviCap marks a new era in the education financing ecosystem. Australia continues to stand tall as the most preferred international education destination for Indian students, celebrated for its world-class universities, multicultural inclusivity, and post-study work opportunities.

Building on this commitment, the launch of NiviCap also marked the announcement of Justin Langer as the Brand Ambassador. Further strengthening the Australia-India education partnership, the Australian Trade and Investment Commission (Austrade), Australia's national trade and investment promotion agency, supported the launch of NiviCap.

Developed by the founders of Ziksi Australia, one of the country's leading fintech brands, NiviCap bridges India and Australia's education ecosystems through a comprehensive suite of non-banking solutions. Designed to support both students and parents from pre-admission to post-arrival, it brings together services such as loan discovery, application assistance, forex guidance, and post-arrival support under one secure digital solutions platform. NiviCap stands apart for combining transparency, technology, and empathy, giving students a seamless pathway to their academic goals and parents the comfort of knowing their children are supported every step of the way.

India is now the second-largest source country for international students in Australia, with approximately 137,705 students from India commencing or continuing study in 2025. Despite such strong demand, the process of education financing and associated requirements remains fragmented. NiviCap aims to simplify this journey with a unified, trustworthy, and transparent platform, empowering families, especially from Tier-II and Tier-III cities, to pursue their overseas dreams with clarity and confidence.

Mr. Karthik Srinivasan, Founder, NiviCap, shared, with excitement, but also anxiety: I know firsthand how tell of being far from home. I've seen how these challenges can make dreams feel distant.

These experiences stayed with me and shaped my professional journey. Having worked in banking across India and Australia, I witnessed how complex regulations and cross-border systems often make these transitions even harder. When I later represented Australia in Karachi at the G20, it reaffirmed my belief that international, when built with empathy, can truly solve real human challenges.

NiviCap was created with that very vision, not just as a digital solutions platform, but as a bridge between aspiration and achievement. "Fast, Easy, Family Approved." isn't just a promise, it's personal!"

Expressing his enthusiasm, Mr. Justin Langer, Brand Ambassador and former Australian cricket coach, said, "As both a father and a coach, I understand the emotion that comes with watching young people chasing dreams away from home. India and Australia share a bond that goes beyond sport, it's built on trust, respect, and shared ambition. NiviCap captures that beautifully. To me, NiviCap is like a great coach, steady, reliable, and always there when the pressure is on. It gives students the confidence to perform and provides the reassurance that their children are in safe hands. That is why I'm proud to stand with as a bridge between aspiration and achievement. "Fast, Easy, Family Approved." isn't just a promise, it's personal!"

It gives students the confidence to perform and provides the reassurance that their children are in safe hands. That is why I'm proud to stand with as a brand that champions both ambition and care."

Mr. Mukund Narayanaswami, Minister (Commercial), and Head of South Asia, Australian Trade and Investment Commission (Austrade), said, "Australia deeply values its education partnership with India. Indian students enrich our campuses and communities, and they are central to the cultural and economic ties between our two nations. NiviCap's launch by an Australian firm Zikzi is a great initiative to support Indian students aspiring to Study in Australia."

NiviCap will go live with its first phase with the launch of education Loans, providing students with an integrated platform to explore, apply for, and manage loans digitally. Subsequent stag
