NiviCap has announced the launch of its debut brand DVC featuring global cricketing icon Justin Langer, who also joins the brand as its official Brand Ambassador.

The campaign film is based on NiviCap’s core philosophy, “Fast. Fair. Family Approved.” It brings alive the emotional and financial complexities of the overseas education journey while showcasing how NiviCap acts as a trustworthy, tech-enabled partner for both students and parents.

Featuring Justin Langer as the voice of reassurance, the film positions him as a mentor figure, someone who understands ambition, pressure, and the importance of having reliable guidance during life’s most defining transitions.

Karthik Srinivasan, Founder, NiviCap, shared, “Today marks a proud moment for us as our first-ever brand DVC goes live nationwide. Onboarding Justin Langer as our Brand Ambassador is a reflection of the values we stand for, trust, discipline, mentorship, and genuine care for young achievers. Our campaign captures the core emotion behind NiviCap: every student deserves a smooth, transparent, and supportive path to their global dreams. Justin embodies that spirit perfectly, and through this DVC we aim to reassure families that they are not alone in navigating the study-abroad journey.”

Expressing his enthusiasm, Justin Langer, Brand Ambassador and former Australian cricket coach, said, “As both a father and a coach, I understand the emotions that come with watching young people chase big dreams away from home. India and Australia share a bond that goes beyond sport, it’s built on trust, respect, and shared ambition. NiviCap captures that beautifully. To me, NiviCap is like a great coach, steady, reliable, and always there when the pressure is on. It gives students the confidence to perform and parents the reassurance that their children are in safe hands. That’s why I’m proud to stand with a brand that champions both ambition and care.”

Mukund Narayanamurti, Minister (Commercial), and Head of South Asia, Australian Trade and Investment Commission (Austrade), said, “Australia deeply values its education partnership with India. Indian students enrich our campuses and communities, and they are central to the cultural and economic ties between our two nations. NiviCap’s launch by an Australian firm Ziksu is a great initiative to support Indian students aspiring to Study in Australia.”
